French Hats Fresh From Abroad That Bring the Real Note of Paris Fashions.

The Geniuses of Parisian Designers have never found more brilliant expression than in this season's models. The stars, whose conquests are the talk of Paris, include Marcelle, Demay, Georgette, Talbot, Carolina Rebox, Mary Guy and Lewis. To this wonderful showing we have added scores of our own designs and adaptations that surely rival in style the most worthy of Imported Models. Many periods have been drawn on for inspiration—The Empire, The Directoire, The Louis, The French Revolution and others, embracing a collection that is sure to please and satisfy.

Brilliant Display of Paris Inspired Suits, Wraps and Dresses

The splendor of our selection of models shows rare discrimination and infinite care, bringing out (to best advantage) individual style touches of artistic creation that possess a beauty unknown to the general type of fashionable apparel and at the same time at prices that are moderate.

Spring Toggery for the Little Miss

Tuesday we offer in our Children's Apparel Store, distinctive garments revealing every noteworthy idea in the fashioning, fabrics and authentic style tendencies of the season.

The Imported and American Hand-Embroidered Coats, Caps, Quaint Straw Bonnets and ever so many dainty things the little ones need are side by side in friendly concourse—each enhancing the beauty of the other.
